

ZODIAC RECON

EVA Heel Counter for maximum stability and a secure fit

Lightweight, breathable upper for second skin-like fit

Internal Stability Wrap envelops your mid-foot for extra support

SuperFabric™ Toecap - a fabric overlay with tiny flexible armor plates that resist abrasion and protect the foot

Multi-Density EVA construction designed to cushion at foot-strike and propel during toe-off

Drainage ports for a two way passive drainage system

The Recon is a rapid-response running shoe inspired by the need to move with efficiency over varied terrain and distances. The tri-density outsole allows for superior cushioning, making the Zodiac Recon suitable for both long and short distance runs.
